The Honorable Congresswoman Nancy Pelosi  
Speaker of the House  
235 Cannon HOB  
Washington, DC 20515

**CONFIDENTIAL**

Dear Honorable Speaker of the House Nancy Pelosi:

It is an honor to address the Speaker of the House for the United States Congress; however, I write this rather sensitive letter at a time of veritable *crisis for our country and our Constitution*. I appeal to the Honorable Congresswoman to defend the Constitution of the United States in order to preserve the union and avoid the massive difficulties that will ensue should The Speaker of the House NOT take action and fail to defend the Constitution of the United States! May I remind the noble lady of her oath of office? Sworn to defend & preserve our nation's Constitution?

Should President elect Barack Obama NOT be qualified to become President according to our Constitution due to a foreign birth (Kenya), then our country needs to know BEFORE Mr. Obama is sworn in! If indeed Mr. Obama is qualified, then we need to get this possibly problematic affair out of the way. Making his birth certificate public should be a relatively simple matter.

However, there is one more issue before us and it is grave. My friend, and physician, is of the opinion that Vice-president elect Joseph Biden is mentally ill and has a Bipolar Disorder (Manic-Depressive Disease). He urged me to listen closely to Mr. Biden and I have to concur: Either Mr. Biden is grossly fabricating and knows it or else he may be confabulating and be unaware. My specialty is in Bipolar Disorders.

Moreover, if Mr. Biden has a Bipolar Disorder, it is an "untreated" disorder! This places our nation at grave risk should anything happen to Mr. Obama and as a result Mr. Biden must assume the duties and possibly even the office of the President!

Accordingly, I implore the Honorable Speaker of the House to take action quickly in order to respect and defend our Constitution and our country. Truly, we live during dangerous times (Mr. Putin). Dangerous times call for leadership, specifically experienced and *mentally stable* leadership. Please do not leave your country, our country hanging. Resolve these matters for us now—before Mr. Obama is inaugurated.

May God bless you and give you wisdom and guide you to preserving the union of our nation and saving our Constitution. While these are difficult times, inaction will only have terrible results. Feel free to call me at any time at (480) 656-6707 or (480) 861-9221 if I might provide you with my expertise. Until that time I hear from you, I remain humbly and respectfully . . . yours . . . very . . .

Sincerely,
